

# North Dakota Highlights 2022-2023

## North Dakota's Engagement

- 25-Year Partnership.** North Dakota enacted authorizing legislation in 1999 to join the Midwestern Higher Education Compact (MHEC), which was created in 1991.
- About MHEC.** MHEC brings together higher education leaders and policymakers from North Dakota and 11 other Midwestern states to develop and support best practices, collaborative efforts, and cost-saving opportunities. Through these efforts, it works to ensure strong, equitable postsecondary educational opportunities and outcomes for all.
- North Dakota Leadership.** Commissioners, commissioner alternates, and members of advisory program committees provide direction for MHEC programs and services.

## How the Compact Benefits North Dakota

- \$792K in Savings.** In 2023, North Dakota colleges, universities, school districts, and state and local governments realized more than \$792,000 in cost savings through MHEC's contracts and programs, while North Dakota citizens saved over \$348,000 through the Midwest Student Exchange Program. Since 1999, North Dakota entities have saved over \$7.19M.
- Return on North Dakota's Investment.** The State of North Dakota received a seven-fold return on its annual compact membership commitment of \$115,000.
  - » **Technology Contracts.** North Dakota institutions saved more than \$294,000 by purchasing \$3.27M in technology hardware, software, and services through MHEC-negotiated contracts.
  - » **Distance Education.** By participating in the Midwestern-State Authorization Reciprocity Agreement (M-SARA), North Dakota saved approximately \$498,200. Without M-SARA, institutions must undertake a costly state-by-state, institution-by-institution approach.
  - » **Tuition Reciprocity.** North Dakota students and their families who participated in the Midwest Student Exchange Program saved more than \$348,000 in tuition.
  - » **Insurance.** The North Dakota University System currently participate in MHEC's student health solutions, MHECare. MHEC continues to explore other opportunities to save money and reduce risk in the areas of insurance.
- Credentials and Learner Records.** North Dakota participated in MHEC's initiative to map the state's credential data with a national registry. This registry makes information on credentials leading to careers more transparent, accessible, and consistent.
- Open Educational Resources.** North Dakota continues to track and record the use of low-cost and no-cost textbooks across the system as a Board initiative and display these data on their state dashboard. The team from North Dakota is considering a statewide convening on OER in 2024, utilizing the Hewlett grant funding through MHEC.
- North Dakota Research.** MHEC reported results of a brief survey that tracked the number of out-of-state students who graduate and stay in the state from which they graduated; models for conditional grant programs that use low-interest loans that would be forgivable if the student remained in their state 3-5 years after graduation; and data for K-12 enrollment by grade at Minnesota K-12 public and private schools in 2021-22.

## Commissioners

**Kyle Davison**  
State Senator; Member,  
Approps Cmte  
ND Legislative Assembly

**Tim Flakoll**  
ND Governor's Designee  
and Provost  
Tri-College University

**Mark Hagerott**  
Chancellor  
ND University System

**Tim Mihalick**  
Chair  
State Board of Higher  
Education

**Brandy Pyle**  
State Representative;  
Member, Approps Cmte  
ND Legislative Assembly

## Midwestern Higher Education Compact Priorities

---

### FOSTERING INNOVATION, EFFICIENCY, & EFFECTIVENESS

*The Compact serves as an incubator, providing a platform to discuss opportunities and pilot potential solutions.*

---

- 1. Innovative Best Practices.** MHEC shares effective solutions to challenges identified by policymakers and higher education leaders. Discussion topics have included creating stronger and stable finance systems that help colleges to better meet pressing state interests and needs, rebounding from the pandemic, addressing federal relief, and campus mental health.
- 2. Open Educational Resources.** MHEC coordinates efforts to expand access to openly licensed textbooks and learning materials that are accessible via the Internet at little or no cost to students.
- 3. Credential Transparency.** MHEC brings states together to discuss and recommend initiatives related to the complex and evolving landscape of credentials and learner records.
- 4. Timely Research & Policy.** Member states direct and receive high-priority access to research on pressing topics such as college readiness, affordability and finance, and student success.
- 5. Interactive Dashboard.** MHEC's online tool provides state-by-state data on key performance indicators including preparation, participation, affordability, completion, finance, and workforce.

### DEVELOPING COLLABORATIVE SOLUTIONS TO REGIONAL PROBLEMS

*MHEC takes on projects and issues that are too large or expensive for one state to do alone, working jointly to make the Midwest region stronger and more competitive.*

---

- 1. Convenings.** MHEC convenes diverse leaders to discuss and identify critical issues in higher education, bringing together state leaders, policymakers and their staff, and campus experts such as CIOs, risk managers, librarians, health leaders, and compliance officers.
- 2. State Visits.** MHEC leaders visit each state annually during its legislative session to learn more about and address key issues affecting the state's economy and higher education.
- 3. Dual and Concurrent Enrollment.** MHEC helps Midwestern states navigate new accreditation standards for concurrent enrollment set by the Higher Learning Commission (HLC) for qualifying high school teachers to teach concurrent enrollment courses. Through consistent communication with HLC and work with a regional advisory group, MHEC brings consistency to instructor qualification practices across the Midwest.
- 4. Tuition Reciprocity.** MHEC provides a Midwest tuition reciprocity program whereby public institutions agree to charge students in participating states no more than 150 percent of their in-state resident tuition and private institutions offer a 10 percent reduction in their tuition rates. This program saves families thousands of dollars and keeps students in the Midwest.
- 5. Distance Education.** MHEC manages a regional approach to authorizing Midwestern states and institutions to regulate, approve, and oversee the delivery of interstate online education. This approach, part of the State Authorization Reciprocity Agreement (SARA), provides a streamlined process that results in cost savings for postsecondary institutions and improved access to online education for students.

### DRIVING COST SAVINGS & BUSINESS SOLUTIONS

*MHEC programs and contracts result in tremendous cost savings for institutions, states, and students. The Compact solves key business problems and protects investment in higher education by collaborating and reducing risk.*

---

- 1. Competitive Sourcing.** MHEC leads competitive sourcing for essential goods and services such as insurance and technology. In doing so, MHEC saves time and money for higher education institutions. As a lead public agency, MHEC negotiates flexible, cooperative contracts, and streamlines procurement processes. The negotiated contracts may be tailored to the purchaser's needs.
- 2. Technology Contracts.** MHEC leverages the combined hardware, software, and services volume of campuses and local governments in member states to reach favorable agreements with technology vendors. In FY23, member states saved an estimated \$31.59M with technology purchases of more than \$351.03M.
- 3. Student Health Solutions.** MHEC offers institutions options for fully insured, school-sponsored health plans. MHEC's responsive approach resulted in the recent addition of virtual mental health services for students.
