

MHEC **CONTRACTS** leverage the potential volume of the region’s purchasing power while saving institutions time and money by simplifying the procurement process. The contracts provide competitive solutions established in accordance with public procurement laws thereby negating the institution’s need to conduct a competitive sourcing event. By offering a ready-to-use solution with the ability to tailor the already negotiated contract to match the institution’s specific needs and requirements, MHEC contracts shift some of the negotiating power

back to the institutions. Additionally, because of MHEC’s statutory status, many of these contracts can also be adopted for use by K-12 districts and schools, as well as cities, states, and local governments. An added benefit for smaller institutions is that these contracts allow these institutions to negotiate from the same pricing and terms normally reserved for larger institutions. MHEC relies on institutional experts to participate in the negotiations, sharing strategies and tactics on dealing with specific contractual issues and vendors.

HIGHER EDUCATION

Beloit College	University of Wisconsin - Oshkosh	Barneveld School District	Edgar School District
