DUAL CREDIT IN HIGH SCHOOLS

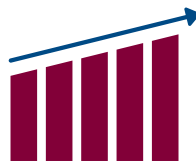

CVTC and area school districts continue to expand opportunities for high school students to earn both high school and college credit in a variety of programs. Over the last five years we have seen significant growth in dual enrollment programs. Researchers have identified numerous advantages in earning dual credit, including cost savings, early entry to career pathways, decreased college remediation, reduced time to degree completion and stronger postsecondary outcomes.

K-12 PARTNERSHIPS

DUAL CREDIT TYPES

■ Transcribed Credit

Students take CVTC courses which are offered at the high school and taught by high school instructors who have met CVTC accreditation requirements and worked with CVTC faculty to match curriculum. Students earn both high school and college credit.

■ Start College Now

Students can apply to take classes at CVTC that are not offered at their high school to earn high school and college credit. Students can register for a course with other CVTC students if a seat is available at registration.

■ High School Academies

Students take college classes in a career pathway and earn both high school and college credit. Courses are reserved for high school students, taught by CVTC faculty at their high school, a CVTC host site, or a CVTC campus.
