24-25 FAFSA Status

24-25 FAFSA STATUS

- Over 16 million FAFSAs have been submitted-approximately **2% less** than this time last year for all students
- High school seniors still **down 8.8%** as of late November
- FSA recently fixed some Known Issues for 24-25 -
<https://fsapartners.ed.gov/knowledge-center/topics/fafsa-simplification-information/fafsa-issue-alerts>
- People with the last name of “Null” are now able to submit a FAFSA
- Several other technical glitches recently fixes
- Batch corrections for colleges are coming in Q1 2025
- FAFSA completions are an indicator of likelihood for enrollment-true again this year -

25-26 FAFSA Updates

CHANGES/ ENHANCEMENTS FOR THE 25-26 FAFSA

- **FAFSA OPENED TO ALL ON THURSDAY, NOVEMBER 21, 2024.**
- Form IS a clone of 24-25 FAFSA with instructions and help text enhancements
- Likely to still be some issues with the new form
- Beta testing happened in October & November to identify and fix bugs
- As of November 20, more than 120,000 forms were submitted and almost 300,000 ISIRs were sent during the testing period
- The beta website has reports and data about the testing - <https://fsapartners.ed.gov/beta>. Many NCAN programs participated in the first phases of testing.
- New “Who’s My Parent” tool as a stand-alone resource to help students determine which contributor(s) need invited to the form- <https://studentaid.gov/fafsa-apply/parents>

CHANGES/ ENHANCEMENTS FOR THE 25-26 FAFSA

- Adding messaging & pop-up boxes for missing signatures and unsub loan only questions to reduce errors
- Contributors without an SSN need to set-up an FSA ID, but the identity verification process has been waived for the entire 25-26 FAFSA cycle
- Financial Aid Estimator is updated to reflect 25-26 calculations - <https://studentaid.gov/aid-estimator/>
- FSA creating enhanced “how to” resources-documents and videos - [Creating Your StudentAid.gov Account | Federal Student Aid](#)
- Current college students will not have a shortened renewal form available
- At this point, the 45-day clock will not be turned on for the 25-26 cycle

MORE CHANGES/ ENHANCEMENTS IN PROGRESS

small changes
can have
a big
impact

- Call center capacity in August was increased 80% compared to when the FAFSA opened in January
- Continuing to add call center capacity-currently hiring more people and bringing back extended evening and Saturday(partial day) hours for first three months when new cycle begins
- Working on “fuzzy” address matching to come after the form opens-perhaps Street, ST and St. might mean the same thing
- All major vendors will have software updated for 25-26 by the end of beta testing so colleges can update and begin to receiving ISIRs soon after December 1
- Married filing jointly when one contributor does not have an SSN may really mean only one person needs an FSA ID

New Messages for IRS Transfer

Dependent Student Imports IRS Information

This page imports the student's federal tax information by directly transferring it into the FAFSA® form from the IRS to help complete the "Student Financials" section.

The screenshot shows the FAFSA 2025-26 application interface. At the top, the header includes the FAFSA logo, the text "FORM 2025-26", and the student's name "Student Jenny Price". On the right side of the header, there are buttons for "Save" and "FAFSA Menu". The main content area features a central illustration of a laptop with a magnifying glass over a document, with a green dollar sign icon above it. Below this illustration, the text reads: "We're securely importing your information." followed by "Do not leave this page while your information is being imported into your application." At the bottom of the main area, there is a blue progress bar and the text "Loading...".

We're securely importing your information.

**Success!**

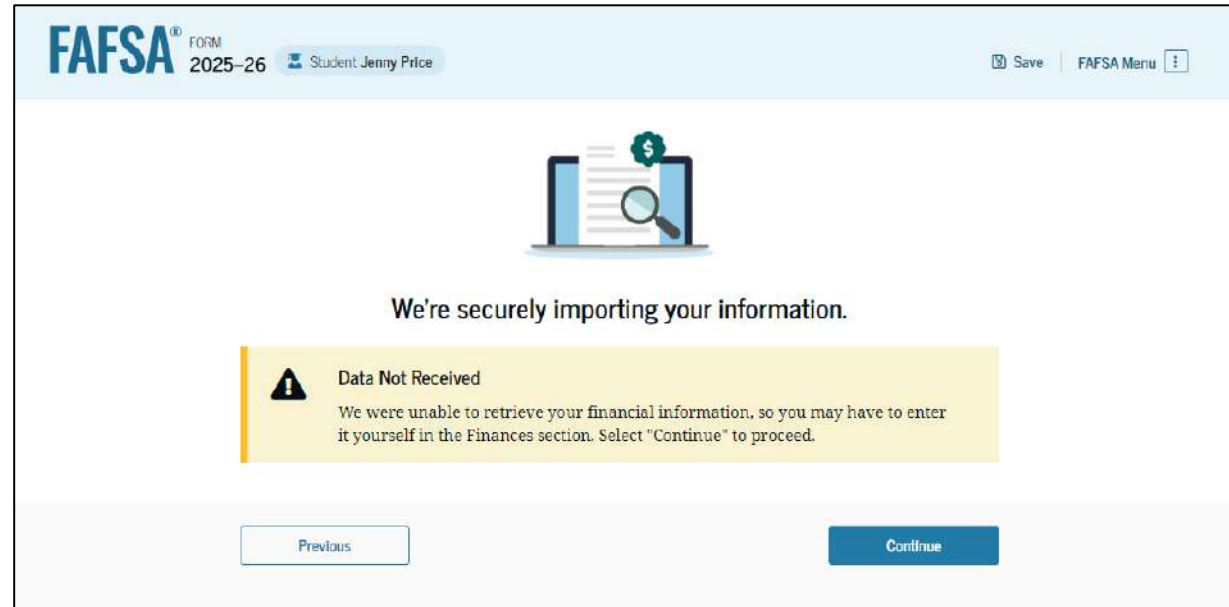

We have confirmed your information with the IRS, but you may have to answer additional questions in the Finances section. Select "Continue" to proceed.

Dependent Student Imports IRS Information (Continued)

This page displays the results from the IRS import for the student. For this scenario, the student is starting a new FAFSA® form and there is no federal tax information available from the IRS.

The screenshot shows the FAFSA 2025-26 interface for a student named Jenny Price. At the top, the FAFSA logo and form year are displayed, along with a 'Save' button and a 'FAFSA Menu' dropdown. The main heading reads 'We're securely importing your information.' Below this, a yellow warning box with an exclamation mark icon contains the text 'Data Not Received' and a message stating: 'We were unable to retrieve your financial information, so you may have to enter it yourself in the Finances section. Select "Continue" to proceed.' At the bottom of the page, there are two buttons: 'Previous' and 'Continue'.

FAFSA Beta Process

uAspire's Role in the FAFSA Beta Testing

Beta 2

- Beta tested via virtual appointments with current college students

Beta 3

- Beta tested with
 - in-person event in collaboration CUNY John Jay College
 - Virtual appointments

Beta Testing Wins

For Students

- Built excitement about the FAFSA
- Got students access and completed FAFSA's early
- Identified challenges/lack of information with specific students
- FSA being present at the event

The FAFSA

- The form is clearly improved and worked for most students
- DDX transfer notification
- Processing time

Beta Testing Challenges

For Students

- Getting them access to the beta
 - Matching FSA ID info
- Matching contributor information for beta access
- Terminology confusion - is the form real?

The FAFSA

- Contributor invites
- Invite form glitches
 - SSN box
 - Moving cursor
- Manual tax information
- Activity dashboard visibility

25-26 FAFSA in Action

Challenges we expect for 25-26

- FAFSA Contributor Invites
 - We continue to expect there to be challenges for students matching parent contributor info on the FAFSA
- Manual tax entry
 - While help text was improved it still does not provide the necessary clarity for contributors to easily enter their information
- Reporting net worth of business/farms
 - Additional clarity has not been provided and we expect struggles in estimating these values
- Section submission vs. FAFSA submission
 - We continue to see confusion around when a FAFSA is fully submitted

New and Continuing Issues

The [FAFSA issues](#) page is alive and well. Here are some key issues to be aware of:

- Users with no SSN who have an ITIN must manually enter financial information in the form
- Contributors with a pending SSA match status are unable to accept a FAFSA invitation
- Married contributors who filed jointly with their current spouse are being required to invite a non-required contributor to the form
- SAI not calculated due to missing family size

What we've heard so far...

- **The FAFSA is working well for most students**
 - We are seeing and hearing about very few issues
- Studentaid.gov account (FSA ID) issues
 - Getting kicked out while creating an account and not getting backup code
- Occasional report of issues on the FAFSA with:
 - Invites showing up
 - Consent
 - DDX taking a long time
 - Confusion around additional parent when married filing jointly
