Making an Impact

“For many students, preparing for college can bring new challenges. Some kids aren’t great about logging into the system or think their parents have already completed the form for them. The completion reports help to confirm that they have everything done and are set up for future success.”

**Shalon Frye, School Counselor
Independence High School**

“Even if this resource is only used by one person out of the entire school, you can still change the entire life of that one person. Sometimes those small impacts can really be the most important.”

**Kaylee McSweeney (left), AmeriCorps Student Leader
Cedar Falls High School**
