Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Minnesota Agricultural and Economic Development Board Proposed Change in Conduit Bond Issuance Fees

The Minnesota Agricultural and Economic Development Board's (the "Board") fee structure to issue conduit bonds has been unchanged since 2010. The Board currently charges a one-time fee based on the original amount of the conduit bond issues of 1/6th of 1 percent (16.5 basis points) with a minimum of \$10,000 and a maximum of \$50,000.

The Board will be implementing changes in this fee structure so fees are more consistent with rates being charged by similar entities and to better reflect the costs involved with these transactions. The fee for initial issuances will increase to 1/5th of 1 percent (20 basis points) and the minimum fee will increase to \$15,000 but the maximum will be unchanged at \$50,000.

The Board will also increase the fees associated with conduit refund bond issues to 10 basis points (up from 8.25 basis points) with a minimum of \$15,000 (up from \$10,000) and maximum fee of \$50,000 which will be unchanged.

The Board will also establish a \$2,500 fee for required Board action related to approvals necessary to meet the requirements of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA).

The Board reserves the right to be reimbursed for any extraordinary expenses related to conduit issues that exceed these fees.

Any comments on this new fee schedule should be forwarded by **March 31, 2020**:

Department of Transportation (MnDOT)

Notice of Decision – Commissioner of Transportation – Railbank

The State of Minnesota, acting through its Commissioner of Transportation on March 2, 2020, has determined that the sale of a section of rail bank in Albany has no adverse effect on the rail bank corridor.

The cash sale of a 34 foot strip of rail bank property to the city of Albany out of the total corridor width of 134 feet, is deemed consistent with the preservation of the rail bank corridor. This notice is published pursuant to Minnesota Statute 222.63, subd. 3, and Minnesota rules 8830.5820 and 8830.5840.

The state reviewed the need for the sale and solicited comments to the proposed sale of a small strip of the rail bank.

A public meeting was held at the Albany City Hall on Tuesday, January 28, 2020, where no comments were received during the 30 day public comment period, which ended on February 28, 2020.

The 50 foot sale to the city is 11,528 square feet. It is located in Albany, Stearns County. The city requested the State to sell a strip of rail bank for economic development in the city. The State plans no conditions on the sale to the city. The consideration for the sale will be \$14,400.

After the sale of the rail bank to the City, the City plans to sell the parcel to a private business owner.

Rail bank issues can be directed to the local Minnesota Department of Transportation Right of Way office by emailing kevin.schmidt@state.mn.us or calling Kevin Schmidt at 218-232-4181.

The credits generated by the wetland restoration project that are transferred to BWSR will be used as replacement for public road improvement projects. BWSR is requesting proposals from third parties in the following Bank Service Areas (BSA): 1, 3, 4, 5, 6, 7, and 9. This includes all or portions of the following counties: Aitkin, Anoka, Becker, Beltrami, Big Stone, Blue Earth, Brown, Carver, Carlton, Cass, Chippewa, Chisago, Clay, Clearwater, Cook, Cottonwood, Crow Wing, Dakota, Douglas, Faribault, Freeborn, Grant, Hennepin, Hubbard, Isanti, Itasca, Jackson, Kanabec, Kandiyohi, Kittson, Koochiching, Lac qui Parle, Lake, Lake of the Woods, Le Sueur, Lincoln, Lyon, Mahnomen, Marshall, Martin, McLeod, Mille Lacs, Morrison, Murray, Nicollet, Norman, Otter Tail, Pine, Pennington, Pipestone, Polk, Pope, Ramsey, Red Lake, Redwood, Renville, Rice, Roseau, Scott, Sibley, St. Louis, Steele, Stevens, Swift, Todd, Traverse, Wadena, Waseca, Washington, Watonwan, Wilkin, and Yellow Medicine.

Midwestern Higher Education Compact (MHEC) Request for Proposals for Virtualization & Data Center Modernization

Solicitation Posting: <http://www.mhec.org/news>

Proposals Due: April 7, 2020, 10 A.M. CDT.

NOTICE TO INFORMATION TECHNOLOGY VENDORS

The Midwestern Higher Education Compact (MHEC) is competitively soliciting proposals on behalf of MHEC's 12 Compact member states. The purpose of this Request for Proposal is to establish one or more MHEC Master Agreement(s) with qualified provider(s). This Request for Proposal (RFP) does not obligate the Midwestern Higher Education Compact (MHEC) or its member states to award a contract and reserves the right to cancel this RFP if it is considered to be in its best interest.

The Midwestern Higher Education Compact (MHEC) is an instrumentality of 12 Midwestern states (Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin). The Compact was established in 1991 through a common statute enacted into law by each of the member states (Minnesota Statute – Section 135A.20). The purpose of the Compact is to promote higher education through interstate cooperation and resource sharing.

MHEC has determined that developing a region-wide acquisition strategy for higher education Virtualization & Data Center Modernization through one or more providers will benefit both the higher education community and the provider(s). MHEC is seeking competitive solicitations with the intent to negotiate master agreement terms and conditions, licensing, and pricing. The resulting agreement will allow an institution to focus most of its energy on finding the technology solution that best fits its needs instead of the contract itself. The result is a master agreement that facilitates a direct relationship between the technology provider(s) and institutions which contains discount pricing as well as terms and conditions that are better than most higher education institutions can negotiate individually.

For a complete copy of the RFP and required submission materials, please visit our website at <http://www.mhec.org/news>.

For further information about the Compact's education technology contracts, visit <http://www.mhec.org/contracts/technology>

Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Office of the Governor

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The infectious disease known as COVID-19, an act of nature, has now been detected in 118 countries and territories, including the United States. COVID-19 has been reported in 42 states. There are over 1,600 confirmed cases nationwide, including fourteen in Minnesota.

The U.S. Department of Health and Human Services Secretary has declared a public health emergency for the United States to aid the nation's healthcare community in responding to COVID-19. The World Health Organization has recently assessed that this outbreak can be characterized as a pandemic.

In coordination with other state agencies, local governments, and partners in the private sector, the Minnesota Department of Health ("MDH") has been preparing for and responding to the COVID-19 pandemic in Minnesota.

On April 4, 2019, I issued Executive Order 19-22, which assigned emergency responsibilities to state agencies to respond to and assist in recovery from the effects of natural or technological emergencies, including responsibility to engage in emergency preparedness efforts. On April 4, 2019, I also issued Executive Order 19-23, which directed state agencies to engage in continuity of government and continuity of operations planning. That Executive Order established the Continuity Policy Coordination Sub-Cabinet to develop and maintain a framework for a continuity of government plan, and to oversee agency continuity of operations planning, led by Minnesota Management and Budget ("MMB").

Minnesota has taken proactive steps to ensure that we are ahead of the curve on COVID-19 prevention and response. Our State has been actively conducting continuity planning for state agency operations. MMB activated its Statewide Contingency Response Team ("SCRT"), which meets regularly to coordinate and direct state agencies to ensure priority government services continue. State agency emergency managers and continuity coordinators from the agencies have been meeting together and sharing information related to emergency management and continuity of operations planning activities.

The State also has activated our Joint Information Center ("JIC"), led by the Department of Public Safety ("DPS") and MDH. The JIC is responsible for sharing operational updates and keeping the public informed on COVID-19. This group convenes daily to provide consistent, coordinated, and timely information.

Agencies have activated their internal command or continuity teams and have been reviewing their emergency response and continuity plans, which are plans in place that outline how agencies will provide priority services during an emergency. Agencies have been reviewing their priority services and preparing their employees with the goal of providing uninterrupted priority services throughout an emergency.

On January 29, 2020, MDH instituted its Incident Command System ("ICS"). The ICS provides a standardized approach to the command, control, and coordination of emergency response. MDH convened a state agency COVID-19

Executive Orders

coordinating group on March 3, 2020. DPS's Division of Homeland Security and Emergency Management ("HSEM") activated the State Emergency Operations Center on March 6, 2020.

MDH remains in close contact with federal, state, and local partners, and the Commissioner of Health recently convened a group of experts, including healthcare professionals (doctors, nurses, administrators, insurers), government partners (cities, counties, tribal nations), business and labor leaders, educators (child care, K-12, higher ed), public health experts, and authorities on long term care and Minnesota's aging population. This cross-sector group provides guidance to the Commissioner on MDH's strategies for responding to COVID-19.

As part of the response, MDH experts have been providing timely information and education to the public and stakeholders through up-to-date website information, regular press briefings, and calls for stakeholders such as schools, long-term care facilities, healthcare providers, and the business community. MDH's COVID-19 website, with materials available in 16 languages, has been accessed by thousands of Minnesotans.

Local resources are inadequate to fully address the COVID-19 pandemic. We must continue to take this pandemic seriously, and there are sensible steps that Minnesotans and our state government can take to protect all Minnesotans by slowing the spread of COVID-19, prioritizing our healthcare resources, and safeguarding at-risk communities.

For these reasons, I declare a peacetime emergency in Minnesota and order as follows:

1. In consultation with federal, state, and local partners, tribal nations, relevant experts, and stakeholders, MDH will continue to lead the coordination of the State's response to COVID-19.
2. HSEM will continue to assist MDH and coordinate support through the State Emergency Operations Center and in accordance with the Minnesota Emergency Operations Plan.
3. All state agencies, in cooperation with appropriate federal agencies, will work to support healthcare providers, tribal and local governments, and public health organizations as they respond to COVID-19.
4. The Minnesota National Guard will ensure that it is ready to assist as needed during this peacetime emergency.
5. In consultation with the Centers for Disease Control and Prevention, as well as public health, medical, and other experts, MDH will continue to provide guidance that is accessible and transparent to all Minnesotans, including guidance on how to best prevent and reduce community spread of COVID-19 within Minnesota and manage critical healthcare resources.
6. I encourage individual Minnesotans to help protect all Minnesotans by continuing their individual prevention efforts such as staying home when feeling sick, frequently washing their hands, and monitoring information about COVID-19.
7. I urge and advise Minnesotans to follow MDH guidance regarding hygiene, public gatherings, social distancing, and healthcare use. Minnesotans should regularly check MDH's COVID-19 webpage:
<https://www.health.state.mn.us/diseases/coronavirus/>
8. As circumstances require, and pursuant to relevant law, I will issue orders and rules to protect public health and safety. All state agencies are directed to submit proposals for such orders and rules to my office.

This Executive Order and declaration of peacetime emergency is effective immediately under Minnesota Statutes 2019, section 4.035, subdivision 2, and its duration is governed by Minnesota Statutes 2019, section 12.31, subdivision 2.

Signed on March 13, 2020.

Emergency Executive Order 20-02: Authorizing and Directing the Commissioner of Education to Temporarily Close Schools to Plan for a Safe Educational Environment

I, **Tim Walz, Governor of the State of Minnesota**, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The COVID-19 pandemic presents an unprecedented challenge to our State. Minnesota has taken proactive steps to ensure that we are ahead of the curve on COVID-19 prevention and response. On March 13, 2020, I issued Executive Order 20-01 and declared a peacetime emergency because this pandemic, an act of nature, threatens the lives of Minnesotans, and local resources are inadequate to address the threat. In Executive Order 20-01, I directed all state agencies to submit proposed orders and rules to protect and preserve public health and safety.

Since I issued Executive Order 20-01, the Minnesota Department of Health (“MDH”) has confirmed additional COVID-19 cases in Minnesota. We continue to take this pandemic seriously and are taking sensible steps to protect all Minnesotans. Our schools are places where large numbers of Minnesotans congregate. They therefore need time to plan strategies for achieving educational goals while also complying with public health guidance.

Under Minnesota Statutes 2019, section 12.21, subdivision 3, I am permitted to authorize the Commissioner of Education “to alter school schedules, curtail school activities, or order schools closed.” In consultation with my Cabinet, I have concluded that such action is warranted to allow for planning to continue to provide a world-class education, while preserving the health, safety, and lives of Minnesotans.

Allowing schools and school districts time to plan without students in the classroom will benefit all of Minnesota. The Minnesota Department of Education (“MDE”) will provide guidance on these important planning efforts. I realize that schools are community hubs for children and families. School closures put burdens on children and families and create disproportionate impacts on different communities. For that reason, we must ensure that schools and school districts continue to provide support to Minnesota families, even while students are not in the classroom. We must also act to minimize disruptions caused by school closures on the state’s healthcare system and emergency workers.

In addition to schools, families with young children depend on child care providers. Center-based and family child care providers provide an essential service to our children, and they ensure that our economy and workforce can thrive. Unlike schools, these settings are smaller and do not need to plan for distance learning. We must continue to support child care providers’ efforts to remain open and comply with public-health guidance as they provide essential services to Minnesota.

For these reasons, I order as follows:

1. Pursuant to Minnesota Statutes 2019, section 12.21, subdivision 3(11), I authorize and direct the Commissioner of Education to close all schools to students, except as set forth below, beginning on Wednesday, March 18, 2020 through Friday, March 27, 2020 (“Closure Period”).
2. This order applies to all schools as set forth in Minnesota Statutes 2019, section 12.21, subdivision 3(11). I encourage tribal and private schools to fulfill the spirit and directives of this Executive Order.
3. The Closure Period is meant to provide time for our schools to adequately plan for continuity of education during the COVID-19 pandemic for the purpose of preserving the health, safety, and lives of Minnesota’s students, educators, and the broader public.
4. Recognizing that every school and school district has different circumstances and needs, MDE and MDH will provide guidance to schools on approaches to distance learning and social distancing within schools. I encourage schools and school districts to provide feedback to MDE about further steps that the State may take to ensure continuity of education.
5. Subject to paragraph 12, school employees are directed to report to work in accordance with applicable labor agreements and as required by their employers to assist with the emergency management planning activities provided in this Executive Order.

Executive Orders

6. Upon approval by the Executive Council, during the Closure Period the Commissioner of Education will calculate membership for general education and other revenue programs based on total district enrollment, regardless of whether instruction is provided. Nothing in this provision should be construed to require districts to make-up instructional time lost during the Closure Period.
7. Upon approval by the Executive Council, for School Year 2019-2020 only, the minimum days and hours of instruction required for districts and charter schools under Minnesota Statutes 2019, section 120A.41, will be reduced by the number of days and hours of instruction during the Closure Period.
8. Subject to paragraph 12, schools and school districts, in cooperation with state agencies, are directed to support communities disproportionately impacted by inequities, including, but not limited to, low-income families and families experiencing homelessness. During the Closure Period, schools are expected to provide meals to their students. MDE will provide additional guidance to schools and school districts.
9. I direct state agencies to work together to ensure continuity of mental health services to children and their families. State agencies are directed to take action addressing this issue.
10. During the Closure Period, school districts are directed to explore options to care for, and protect the health and safety of, children in low-income families if a prolonged school closure is necessary, utilizing guidance from MDE and MDH.
11. Emergency workers (including providers of healthcare, emergency medical services, long-term and post-acute care; law enforcement personnel; personnel providing correctional services; public health employees; firefighters and other first responders; and court personnel) are critical to the State's response to COVID-19. During the Closure Period, and subject to paragraph 12, schools are directed to provide care to, at a minimum, district-enrolled students aged 12 and under who are children of emergency workers. In providing this care, schools must practice hygiene and social distancing best practices. Schools are not required to provide this care during previously scheduled breaks reflected on a school-board approved calendar. I encourage schools and school districts to also provide extended care—before and after school hours—to students who are children of emergency workers. MDE will provide further guidance to schools and school districts about this provision.
12. Nothing in this order should be construed to encourage or require Minnesotans in at-risk categories to take action inconsistent with public health recommendations or the advice of their doctors. All Minnesotans should continue to regularly check and follow the advice on MDH's COVID-19 webpage:
<https://www.health.state.mn.us/diseases/coronavirus/>
13. To support center-based and family child care providers in staying open, supporting their employees, and remaining in business during this peacetime emergency and afterward, I direct state agencies to collaborate and align resources to support child care providers.
14. By March 20, 2020, I direct the Department of Human Services to submit to my office a proposal addressing strategies to continue supports for center-based and family child care centers, accommodate the continuation of child care providers, and enable providers to serve new families needing care because they are assisting in emergency relief.
15. To ensure the health, safety, and wellbeing of children and maintain an adequate supply of child care, I direct state agencies to create a hotline specifically to address child care provider concerns and prioritize establishing mechanisms, to the extent possible and permitted by law, for financial, operational, and other technical assistance resources that will enable providers to adapt to the COVID-19 pandemic.

This Executive Order is effective immediately under Minnesota Statutes 2019, section 4.035, subdivision 2. It will remain in effect until the peacetime emergency declared in Executive Order 20-01 is terminated or until it is rescinded by proper authority.

Signed on March 15, 2020.

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules or Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Proposed Amendment to Rules Governing Adoption of the 2020 National Electrical Code, *Minnesota Rules*, Part 1315.0200

Introduction. The Minnesota Board of Electricity (“Board”) intends to adopt rules without a public hearing following the procedures in the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2300 to 1400.2310, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.22 to 14.28. If, however, 25 or more persons submit a written request for a hearing on the rules by 4:30 p.m. on April 15, 2020, the Board will hold a public hearing in the Minnesota Room, Department of Labor and Industry, 443 Lafayette Road N., St. Paul, Minnesota 55155. **An Administrative Law Judge will conduct the hearing** starting at 9:00 a.m. on Monday, May 4, 2020, and continuing until the hearing is completed. To find out whether the Board will adopt the rules without a hearing or if it will hold the hearing, you should contact the agency contact person after April 15, 2020, and before May 4, 2020.

Agency Contact Person. Submit any comments or questions on the rules or written requests for a public hearing to

the agency contact person. The agency contact person is Amanda Spuckler at the Minnesota Department of Labor and Industry, 443 Lafayette Rd. N., St. Paul, Minnesota 55155, telephone (651) 284-5006, and email: dli.rules@state.mn.us.

Subject of Rules and Statutory Authority. The proposed rules amend part 1315.0200 to incorporate by reference the 2020 edition of the National Electrical Code (“NEC”), without Minnesota amendments, as approved by the American National Standards Institute (“ANSI”) and published by the National Fire Protection Association (“NFPA”). Notable changes to the 2020 NEC relate to expanded Ground-Fault Circuit-Interrupter (“GFCI”) protection for dwellings, service panelboard surge protection, and outdoor emergency disconnects required for first responder access. The 2020 NEC was also revised to address and correct the unintended consequences of expanded GFCI requirements for certain agricultural building areas as adopted by the 2017 NEC. The statutory authority to adopt the rules is *Minnesota Statutes*, section 326B.32, subdivision 2, clause (a), subitem (3) (2018). A copy of the proposed rules is published in the *State Register* and attached to this notice as mailed.

Comments. You have until 4:30 p.m. on Wednesday, April 15, 2020, to submit written comment in support of or in opposition to the proposed rules or any part or subpart of the rules. Your comment must be in writing and received by the agency contact person by the due date. Comment is encouraged. Your comments should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed. You are encouraged to propose any change that you desire. Any comments that you have about the legality of the proposed rules must also be made during this comment period.

Request for a Hearing. In addition to submitting comments, you may also request that the Board hold a hearing on the rules. You must make your request for a public hearing in writing, which the agency contact person must receive by 4:30 p.m. on Wednesday, April 15, 2020. You must include your name and address in your written request. In addition, you must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the Board cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

Withdrawal of Requests. If 25 or more persons submit a valid written request for a hearing, the Board will hold a public hearing unless enough persons withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the Board must give written notice of this to all persons who requested a hearing, explain the actions the Board took to affect the withdrawal, and ask for written comments on this action. If a public hearing is required, the Board will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

Modifications. The Board might modify the proposed rules, either as a result of public comment or as a result of the rule hearing process. It must support modifications by data and views submitted to the agency or presented at the hearing. The adopted rules may not be substantially different than these proposed rules unless the Board follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the Board encourages you to participate in the rulemaking process.

Cancellation of Hearing. The Board will cancel the hearing scheduled for May 4, 2020, if the agency does not receive requests for a hearing from 25 or more persons. If you requested a public hearing, the Board will notify you before the scheduled hearing whether the hearing will be held. You may also call the agency contact person listed above at (651) 284-5006 after April 15, 2020, to find out whether the hearing will be held. On the scheduled day, you may check for whether the hearing will be held by calling (651) 284-5006 or going on-line at: <http://www.dli.mn.gov/about-department/rulemaking/rulemaking-docket-minnesota-rules-1315>.

Notice of Hearing. If 25 or more persons submit valid written requests for a public hearing on the rules, the Board will hold a hearing following the procedures in *Minnesota Statutes*, sections 14.131 to 14.20. The Board will hold the hearing on the date and at the time and place listed above. The hearing will continue until all interested

Subp. 2. [Repealed, 12 SR 102; 12 SR 151]

EFFECTIVE DATE. Minnesota Rules, part 1315.0200, is effective July 1, 2020, or five business days after publication of the notice of adoption in the State Register, whichever is later.

Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the State Register. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

SUMMARY OF CHANGES

The following is a brief and partial summary of the proposed amendments. To review the complete *Federal Register* notice referenced below, visit www.osha.gov.

(A) “Occupational Exposure to Beryllium; Final rule.” On January 9, 2017, Federal OSHA published a final rule in the *Federal Register*, amending its existing standards for occupational exposure to beryllium and beryllium compounds. Federal OSHA has determined that employees exposed to beryllium at the previous permissible exposure limits face a significant risk of material impairment to their health. The evidence in the record for this rulemaking indicates that workers exposed to beryllium are at increased risk of developing chronic beryllium disease and lung cancer. This final rule establishes new permissible exposure limits, and includes other provisions to protect employees, such as requirements for exposure assessment, methods for controlling exposure, respiratory protection, personal protective clothing and equipment, housekeeping, medical surveillance, hazard communication, and recordkeeping. MNOSHA adopted the “Occupational Exposure to Beryllium; Final rule” for general industry on May 21, 2018.

By this notice, Minnesota OSHA proposes to adopt the final rule as published in the *Federal Register* January 9, 2017 in the shipyard and construction industries.

(B) “Additional Ambient Aerosol CNC Quantitative Fit Testing Protocols: Respiratory Protection Standard.” On September 26, 2019, Federal OSHA published a final rule in the *Federal Register* that provides employers with two new fit testing protocols for ensuring that employees’ respirators fit properly. The new protocols are the modified ambient aerosol condensation nuclei counter (CNC) quantitative fit testing protocol for full-facepiece and half-mask elastomeric respirators, and the modified ambient aerosol CNC quantitative fit testing protocol for filtering facepiece respirators. Both protocols are variations of the original OSHA-approved ambient aerosol CNC protocol, but have fewer test exercises, shorter exercise duration, and a more streamlined sampling sequence.

By this notice, Minnesota OSHA proposes to adopt the final rule as published in the *Federal Register* September 26, 2019.

Midwestern Higher Education Compact (MHEC) Request for Proposals for Virtualization & Data Center Modernization

Solicitation Posting: <http://www.mhec.org/news>

Proposals Due: April 7, 2020, 10 A.M. CDT.

NOTICE TO INFORMATION TECHNOLOGY VENDORS

The Midwestern Higher Education Compact (MHEC) is competitively soliciting proposals on behalf of MHEC's 12 Compact member states. The purpose of this Request for Proposal is to establish one or more MHEC Master Agreement(s) with qualified provider(s). This Request for Proposal (RFP) does not obligate the Midwestern Higher Education Compact (MHEC) or its member states to award a contract and reserves the right to cancel this RFP if it is considered to be in its best interest.

The Midwestern Higher Education Compact (MHEC) is an instrumentality of 12 Midwestern states (Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin). The Compact was established in 1991 through a common statute enacted into law by each of the member states (Minnesota Statute – Section 135A.20). The purpose of the Compact is to promote higher education through interstate cooperation and resource sharing.

MHEC has determined that developing a region-wide acquisition strategy for higher education Virtualization & Data Center Modernization through one or more providers will benefit both the higher education community and the provider(s). MHEC is seeking competitive solicitations with the intent to negotiate master agreement terms and conditions, licensing, and pricing. The resulting agreement will allow an institution to focus most of its energy on finding the technology solution that best fits its needs instead of the contract itself. The result is a master agreement that facilitates a direct relationship between the technology provider(s) and institutions which contains discount pricing as well as terms and conditions that are better than most higher education institutions can negotiate individually.
