THE EV

THE EV WE SEE ... CLEVELAND

.... CREATING NEW PRODUCTS AND SERVICES

This is one of the coolest computers in the world.

**Literally, it's
-459 degrees
inside.**

Cleveland Clinic and IBM are using this quantum computer to rapidly accelerate medical discoveries.

We created a paint with self-cleaning technology.

**It's smarter than
your average paint.**

SHERWIN-WILLIAMS

We're restoring human touch.

**It's science
nonfiction.**

CASE WESTERN RESERVE
UNIVERSITY

What other blenders want to be

**when they
grow up.**

Vitamix

Some work in an office. Others work in a

dream factory.

NOTTINGHAM SPIRIT

We keep data centers running in over 180 countries.

But who's counting?

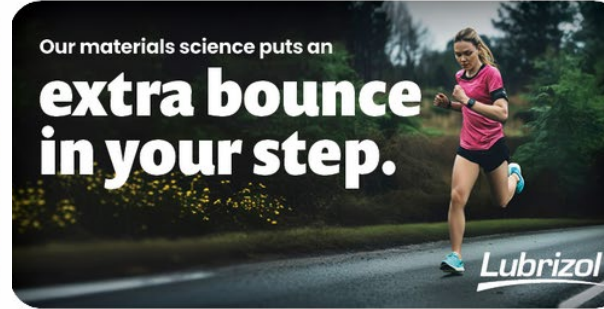

PARK PLACE
TECHNOLOGIES

Our materials science puts an

**extra bounce
in your step.**

Lubrizol

We don't just sell tires,

**we create
safer roads.**

DealerTire

Our steel strengthens bridges, skyscrapers,

**and that new EV
in your driveway.**

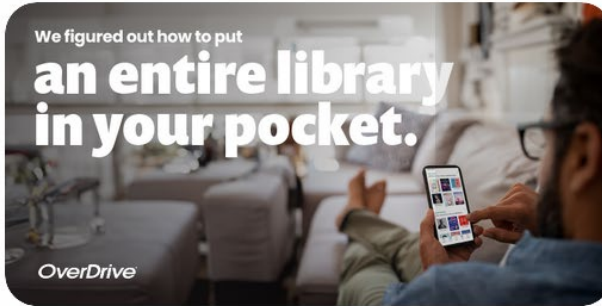

CLIFFS

We figured out how to put

**an entire library
in your pocket.**

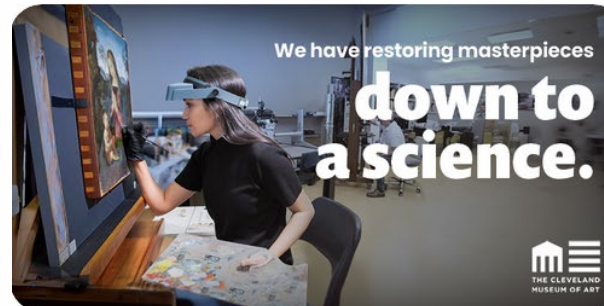

OverDrive

We have restoring masterpieces

**down to
a science.**

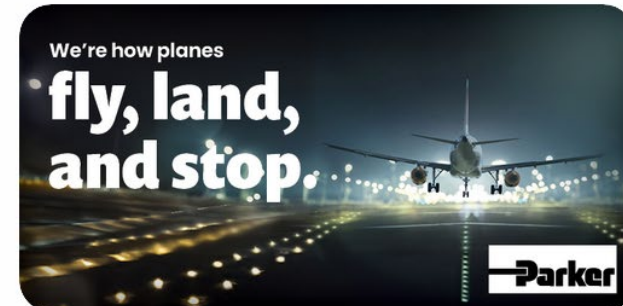

THE CLEVELAND
MUSEUM OF ART

We're how planes

**fly, land,
and stop.**

Parker

Our doctors aren't magicians. But they can turn

**a vein into
an artery.**

University Hospitals

We're home to 70 mph of

**electric
ingenuity.**

LAND

Of course we didn't invent the PB&J.

**We reinvented
the PB&J.**

THE J.M. SMUCKER Co

Clevelanders dream big. Like,

mission-to-Mars big.
